About This Game

Forbidden Forgiveness is a new psychological horror game that aims to play with your mind. the story depends on multiple dimensions where you'll be able to travel between them at anytime and what you'll do in these dimensions will effect the story and the gameplay, the game is heavily depends on multiple Endings. You'll need to know who's good and who's bad not just because they're doing things you don't like, it means they're Bad.

And you're not defenseless you can defend yourself from the Unknown but sometimes you can't, so you'll have to run, the game contains a unique puzzles with a new way to solve and they are not easy nor impossible but expect some challenge, there are Boss Fights but they are not just having more guns, ammo and health packs to kill them, you'll need to solve a puzzle or do something to be able to damage\kill them.

Memory: 8 GB RAM

Graphics: Radeon R9 280 or Nvidia GeForce GTX 660

DirectX: Version 11

Storage: 3 GB available space

Sound Card: DirectX compatible

English

L'AVENTURE DE LORANGE

J'ai tellement mal.

Mon corps tremble. Ma tête veut exploser.

Pourtant, je suis couchée dans mon lit,
avec mon pyjama bleu.

Dans ma chambre. Dans ma Zone.

Je suis en sécurité, dans ma Zone, alors...
Pourquoi j'ai aussi mal?

Est-ce à cause de mon devoir de maths? Je
n'y comprends rien.

Est-ce à cause de cette fille à l'école? Elle
m'a dit quelque chose de méchant.

J'ai oublié son nom. Mel... Quelque chose.

Mélanie? Mélissa? Mélinda?

Mel... Qu'importe!

Je vais dormir. Oui, je vais dormir.
